Congress Moves To Tighten Security Secrets

2 Hearings Awaited On Capitol Hill

Hoover And Groves To Give Data

WASHINGTON, Feb. 6—Congress moves today toward tightening U. S. security to prevent theft of atom and hydrogen bomb secrets along the lines of the Fuchs spy case.

The Joint Congressional Atomic "watch dog" Committee holds two hearings: First, FBI Director J. Edgar Hoover will tell behind closed doors how Communist Scientist Emil Fuchs stole atomic secrets and whether the nation's hydrogen bomb plans are safe.

Second, Wartime Atomic Chief Leslie Groves will be questioned at a public hearing this afternoon on precautions now being taken to safeguard vital atomic information.

Dr. Fuchs, German-born, British-naturalized scientist, was arrested in London Friday and promptly confessed the theft of U. S. atom and hydrogen secrets for Russia. He will be given a public hearing next Friday when his confession may be made public.

HOVER is expected to tell the "watch dog" group how to erect a security barrier which will eliminate Russian spy rings.

These developments came as: 1. Sen. Jenner, (R) Ind., called for a "thorough housecleaning in every branch of our government which deals with the security of our people."

2. Influential senators urged tightening of immigration and the displaced persons statute to slam the door on foreign agents allegedly sneaking into the U. S.

3. A minute re-check was demanded into the background of the 400 German scientists engaged in U. S. weapons research to determine their true loyalty.

4. Chairman McMahon, (D) Conn., announced the committee may try to extradite Fuchs in order to bring him to trial on espionage charges in the U. S.

5. An Anglo-American-Canadian meeting opening in England Thursday on free release of unclassified atomic information will consider establishment of a uniform security code which

Ohio River Falling After Reaching Crest

CINCINNATI, Feb. 6—The Ohio river at Cincinnati is falling one-tenth of a foot every two hours today from a crest of 58.6 feet—6.6 feet above flood stage. The weather bureau predicted slight rain and drizzle for today and tonight in the Cincinnati area, but pointed out that it would not effect the level of the river.

Meanwhile, 188 persons are being cared for by the Red Cross in three shelters set up in Hamilton County. Another 50 from a Kentucky community unprotected by a flood wall are being cared for in a Red Cross shelter in Dayton, Ky.

Weather bureau officials said the Ohio would fall back to the 52-foot flood stage Wednesday. The river crested early yesterday and, shortly afterward, began its slow decline.

Unofficial estimates indicated that 450 persons were forced from their homes in the Cincinnati area.

Baby-Sitter Wins \$30,000

SHEFFIELD, Ala., Feb. 6—John Ferguson is \$30,000 richer today because he took a turn at baby-sitting.

The Sheffield war veteran won that amount in prizes from the "Stop The Music" radio program last night.

Ferguson was home minding his twin sons while his wife and their 10-year-old daughter went to church when the program called from New York.

He was asked to identify a tune and named it correctly—"There's Yes, Yes In Your Eyes."

Ferguson then got a crack at the \$30,000 jackpot. He won it by identifying the mystery tune as "Allah."

WAC PRIVATE Corinne Gillis examines in Washington the new flag designed for Gen. Omar N. Bradley, chairman of the Joint Chiefs of Staff. The flag represents the unification of the armed services. The three golden arrows, held by the American Eagle in its talons, symbolize the Army, Navy and Air Force. On its chest is a shield of 13 stripes, representing the original 13 American Colonies.

DAD IS NOT SURPRISED

Spy Fuchs' Father Says Son Always Was Commie

BERLIN, Feb. 6—The father of Klaus Fuchs has asserted that his physicist son, jailed in London on charges of passing American atomic secrets to Russia, has been an active Communist all his life.

Prof. Emil Fuchs, gray-haired, 70-year-old professor of physics at Leipzig university in the Soviet occupation zone, was shocked visibly when told yesterday of his son's arrest.

Prof. Fuchs said: "If he did it, it was not because of money. He doesn't care for money. He did it only because of idealism in his regard for Communism."

Prof. Fuchs, a former preacher in the eastern zone of Germany, said that his son was released from an alien detention camp in Canada during World War II to work on atomic problems on the recommendation of Prof. Albert Einstein. He added that Einstein did not know of the Communist connections of the younger Fuchs.

In Princeton, N. J., Miss Helene Dukas, secretary to Einstein, said that neither she nor the professor had "any recollection of the case." She added that no mention of Fuchs could be found in Einstein's personal files.

PROF. FUCHS said that his son was active as a student Communist leader while attending Kiel university.

Prof. Fuchs said that his son, while a student, received numerous invitations to visit the Soviet Union but declined them repeatedly.

Reds Can Make Better H-Bomb Physicist Says

BERLIN, Feb. 6—A top-flight East German physicist says Russia not only knows the secret of the hydrogen bomb but can build a better one than the United States.

Dr. R. Havemann, chief of the chemistry department of the famed Kaiser Wilhelm Institute in Soviet-occupied Germany, made the claim yesterday in an article in the Neues Deutschland, official Communist Party newspaper in East Germany.

Dr. Havemann, who also is a physics professor at Berlin university, said the Soviet method is based on "the joining of hydrogen atoms in so-called hydrogen compounds formed from heavy metals."

Havemann said the Soviet technique is superior to the American methods because of the "great difficulties of synthetic production of tritium in sufficient quantities for use in a bomb."

Both tritium and deuterium, isotopes of hydrogen, are said to

(Continued on Page Two)

luctantly because he wanted to concentrate on his studies. When the Nazis came to power, the professor continued, Klaus was sentenced to death for his Communist activities by a "kangaroo court" of student brownshirts.

The son then reported to Berlin where he was sheltered by the Communist underground until he could escape to Paris and, subsequently, to Bristol, England.

Prof. Fuchs said his son continued his studies in England until 1939 when, with the outbreak of World War II, he was interned as an enemy alien and sent to a Canadian internment camp. After Klaus' release, he became a naturalized British citizen in 1942.

The professor, peering from behind horn-rimmed spectacles, said he "can't understand why anybody would be surprised" by the disclosures of his son's Communist connections.

Prof. Fuchs said the 38-year-old physicist told him last summer that he had "revived his contacts with top German Communists as well as the Russians."

H-Bomb 'Fear' Said Needed

WASHINGTON, Feb. 6—Congress was warned today that the United States "may not be fearful enough" of the hydrogen bomb and its possible effect on the world.

Rep. Hale, (R) Maine, testifying before a Senate Foreign Relations Subcommittee in support of a resolution to strengthen the United Nations and prevent an atomic-hydrogen bomb race, declared:

"We may not be fearful enough. Intelligent fear is needed to spur protection for ourselves. Just where a hydrogen explosion would end, I do not know and I wonder if the scientists know how to stop the forces they have set in motion."

The survey was conducted during the annual senior scholarship test in Circleville high school last week. The seniors who participated in the test represent the upper 40 percent of their classes.

According to the survey, 11

LEWIS, NOT OPERATORS, BEING BLAMED

400,000 Miners Expected To Be Idle As General Walkout In Pits Starts

PITTSBURGH, Feb. 6 — The nation's soft coal miners staged a new general strike today with more than 300,000 members of the powerful United Mine Workers union idle in nine states.

By nightfall, when the complete afternoon and night shifts have failed to report, the stoppage is expected to embrace almost all of the UMW's 400,000 bituminous workers.

Already, nearly 200,000 have stayed at home in Pennsylvania and West Virginia—the heart of the nation's coal industry. Other states reported as follows:

Kentucky, 45,000; Illinois, 19,000; Ohio, 16,000; Virginia, 14,000; Indiana, 8,000; and Utah, 4,000.

But a high-ranking UMW district official, whose name often has been mentioned as heir-apparent to John L. Lewis as union chieftain, said "the miners would obey a federal injunction and return to work."

HE WAS George Titler, president of UMW District 29 in Beckley, W. Va., declared that "the miners are law-abiding citizens and I will follow the law."

In Virginia, William F. Minton, head of UMW District 28,

10 Pct. Decline In Farm Income Seen In Ohio

CLEVELAND, Feb. 6 — The monthly business review reported today that cash receipts from farming last year were about nine percent smaller than in 1948, and the Department of Agriculture expects a further decrease of about 10 percent in 1950.

The magazine, which gives the general outlook in finance, industry, agriculture and trade in the Fourth Federal Reserve District, stated that the decrease suggests that expenditures by farmers also will continue on the downgrade.

Expenditures in the "building and machinery" group is the one most likely to yield to the necessity of conserving funds for what are considered more urgent purposes," the report said.

This group includes the purchase of trucks, tractors, other machinery, implements and equipment. It also takes in expenses of construction, remodeling and repair of barns, milk houses, corn cribs and fences.

Falling income also will lead many farmers to "repair rather than replace, and to forego expansion unless there is reason to believe that it will yield a substantially larger net return," the review predicted, adding:

"The general shortage of machinery on farms is now past their have set in motion."

The survey was conducted during the annual senior scholarship test in Circleville high school last week. The seniors who participated in the test represent the upper 40 percent of their classes.

According to the survey, 11

said the miners are striking because "John L. Lewis is being humiliated."

A highly-placed Pittsburgh coal source blamed the walkout entirely on Lewis and asserted "there is no feeling of ill will between the rank and file miners and the operators."

The informant, who asked that

his name be withheld, said:

"The situation is fast becoming disastrous. You know a bulk of the operators really are small businessmen. Many of them own a few mines. Their resources aren't too great and like the miners, they can only hold out so long."

The strike of mine workers increased as coal stockpiles of the country dwindled to the danger point.

Scanty production of strip mines, which usually do not employ union labor, were forced to shut down by rain in Western Pennsylvania and Northern West Virginia.

Walter Thurman, secretary of the Southern Coal Producers As-

sociation in Charleston, W. Va., said:

"We're down flat, except for a few mines, employing maybe two hundred miners. And when I tell you that, you got the whole story."

ABOUT 96,000 bituminous miners in seven states did not work last week and their example is being followed to the letter apparently in other areas today.

While there was no sign of any official orders from UMW headquarters telling the workers what to do, the word from district offices and local unions was

Bomb Rocks Cohen Home

Gang Boss Again In Rubout Attempt

LOS ANGELES, Feb. 6 — An explosion ripped away the front part of Gangster Mickey Cohen's elaborate West Los Angeles home early today in what apparently was another gangland attempt to eliminate the mob leader by bombing.

Mickey, target of several previous attempts on his life, and his wife, Lavonne, escaped injury. The predawn blast shattered windows in homes within the radius of a mile.

Hundreds of frightened residents at first believed they had been jarred awake by an earthquake.

Police theorized the blast was caused by a bomb either placed or tossed against the southeast corner of the Cohen place, but no bomb fragments were found immediately.

A steady rain hampered officers in their investigation. Investigators said explosives may have been tossed against the building from a car driving through the circular driveway, which passes near the spot where the blast apparently was centered.

POLICE SAID the force of the explosion blasted one of the neighbors out of bed.

But Mickey, to whom gangland rubout attempts are an old

Ted Lewis Due On TV Program

Ted Lewis, Circleville's favorite son and most famous citizen, is scheduled to appear on a television program at 8 p. m. Tuesday.

He will be a guest on the Milton Berle program which can be viewed in the Pickaway County area over Station WLW-C.

Stuttgart, Feb. 6—U. S. High Commissioner John J. McCloy expressed "shock" today at the renewed Soviet "little blockade" of Berlin and hinted that the West will rely on action rather than words to counter the Russian move.

McCloy described the Russian slowdown of traffic between Western Germany and Berlin as an effort to "depress the life of the people of Berlin." He added:

"It is quite clear that protests and expressions of indignation at the callousness of such action have no effect. I'm not going to threaten or speak about what specific measures (we) may apply."

Outstanding in the survey findings was that none of the seniors chose the ministry or the medical profession.

In addition, although the survey covered nearly two-thirds as many rural seniors as city boys and girls, only two selected farming as a career. A third senior chose a specialized part of farming as an Aberdeen Angus breeder.

Nursing was third high on the list of proposed occupations with a total of six, fol-

lowed by lab technician with four, interior designer with three and engineering, veterinary work and beautician with two each.

Single choices in the survey were for attorney, businessman, commercial artist, librarian, dentist and commercial aviation.

A total of 22 of the seniors stated that they were as yet undecided as to which profession they would like to choose.

Reports from the coal fields showed that more than 300,000 members of the UMW were idle in the nine principal soft coal producing states.

By nightfall the stoppage is expected to be virtually 100 percent effective.

The President named a three-man fact-finding board to investigate the coal situation and report to him by Feb. 13 whether a national emergency exists.

After he receives the board's report, the chief executive can then direct the attorney general to seek a federal court order to return the miners to work for 80 days.

MR. TRUMAN'S action today applied only to the soft coal industry and did not cover the 80,000 miners employed in Pennsylvania's anthracite fields.

The President appointed David L. Cole, Paterson, N. J., lawyer, as chairman of the fact-finding panel.

Other members of the board are W. Willard Wirtz, Northwestern university professor and former chairman of the old War Labor Board, and John Dunlop, Harvard university professor.

In his executive order creating the board, Mr. Truman states that the bituminous coal dispute, if permitted to continue, will imperil the national health and safety.

The miners generally stayed away from the pits today after Lewis rejected the White House plan for settling the prolonged coal controversy without using the machinery of the Taft-Hartley law which Mr. Truman opposes and wants repealed.

On Saturday, Lewis rejected the President's request for a 70-day truce and normal production and turned down his request for submission of the mine wage dispute to a non-Taft-Hartley fact-finding panel which would recommend settlement terms.

Although the coal operators accepted Mr. Truman's earlier plan, the UMW president declared the mine workers did not want "three strangers" to settle their wage demands.

THE BOARD appointed today will only find facts and report whether a national fuel emergency prevails. It will not make any recommendations to Lewis and the operators on a settlement.

(Continued on Page Two)

We Workers Can't Vote, Soviet Reports

WASHINGTON, Feb. 6—The Soviet Union charged today that while everybody votes in Russia, "working people" can't vote in the United States or other capitalist countries.

The Soviet embassy's "Information Bulletin" declares flatly:

"Working people of the capitalist countries are either disfranchised or are not in a position to make use of their votes because of the system of violence, bribery, deception, intimidation of electors and forgery of election results which prevails in bourgeois countries."

"Unlike the countries of false bourgeois democracy, elections in the USSR are truly free and democratic."

"The Soviet people are marching toward the elections to the Supreme Soviet of the USSR, closely rallied around their own Bolshevik Party and Soviet government, around their great leader and teacher, Comrade Stalin."

Thugs Haul Off 2-Ton Safe

MANSFIELD, Feb. 6—Police reported today the theft of a two-ton safe containing an estimated \$5000 in cash and postal stamps from Sternbaum's Super Market in Mansfield.

The burglars who hauled away the heavy safe gained entrance to the market by breaking the lock on a front door.

In a statement issued following his election by the North Carolina university trustees Gray said "I am happy to accept this great opportunity."

The secretary indicated that he will take office at Chapel Hill, N. C., no later than Sept. 1, 1950. He said that he would "try to be available as soon before that date as the needs of the department will permit."

WASHINGTON, Feb. 6—Army Secretary Gray announced today he is resigning to become president of the University of North Carolina.

Army Secretary Gray announced today he is resigning to become president of the University of North Carolina.

Fact-Finding Panel Named By Truman

Legal Measure May End Strike

WASHINGTON, Feb. 6—President Truman today invoked the Taft-Hartley law in the coal strike and took the first step toward obtaining a court injunction to end the walkout.

Mr. Truman set the emergency anti-strike machinery of the law in motion a few hours after it became clear that John L. Lewis' 400,000 soft coal miners were not reporting to the pits even on the basis of the three-day week they had been working since Dec. 5.

Reports from the coal fields showed that more than 300,000 members of the UMW were idle in the nine principal soft coal producing states.

By nightfall the stoppage is expected to be virtually 100 percent effective.

The President named a three-man fact-finding board to investigate the coal situation and report to him by Feb. 13 whether a national emergency exists.

Already, nearly 200,000 have stayed at home in Pennsylvania and West Virginia—the heart of the nation's coal industry. Other states reported as follows:

Kentucky, 45,000; Illinois, 19,000; Ohio, 16,000; Virginia, 14,000; Indiana, 8,000; and Utah, 4,000.

But a high-ranking UMW district official, whose name often has been mentioned as heir-apparent to John L. Lewis as union chieftain, said "the miners would obey a federal injunction and return to work."

HE WAS George Titler, president of UMW District 29 in Beckley, W. Va., declared that "the miners are law-abiding citizens and will follow the law."

In Virginia, William F. Minton, head of UMW District 28, said the miners are striking because "John L. Lewis is being humiliated."

A highly-placed Pittsburgh coal source blamed the walkout entirely on Lewis and asserted "there is no feeling of ill will between the rank and file miners and the operators."

The informant, who asked that his name be withheld, said: "The situation is fast becoming disastrous. You know a bulk of the operators really are small businessmen. Many of them own a few mines. Their resources aren't too great and like the miners, they can only hold out so long."

The strike of mine workers increased as coal stockpiles of the country dwindled to the danger point.

Scanty production of strip mines, which usually do not employ union labor, were forced to shut down by rain in Western Pennsylvania and Northern West Virginia.

Walter Thurman, secretary of the Southern Coal Producers Association in Charleston, W. Va., said: "We're down flat, except for a few mines, employing maybe two hundred miners. And when I tell you that, you got the whole story."

ABOUT 96,000 bituminous miners in seven states did not work last week and their example is being followed to the letter apparently in other areas today.

Fact-Finding Panel Named By Truman

Legal Measure May End Strike

WASHINGTON, Feb. 6—President Truman today invoked the Taft-Hartley law in the coal strike and took the first step toward obtaining a court injunction to end the walkout.

Mr. Truman set the emergency anti-strike machinery of the law in motion a few hours after it became clear that John L. Lewis' 400,000 soft coal miners were not reporting to the pits even on the basis of the three-day week they had been working since Dec. 5.

Reports from the coal fields showed that more than 300,000 members of the UMW were idle in the nine principal soft coal producing states.

By nightfall the stoppage is expected to be virtually 100 percent effective.

The President named a three-man fact-finding board to investigate the coal situation and report to him by Feb. 13 whether a national emergency exists.

After he receives the board's report, the chief executive can then direct the attorney general to seek a federal court order to return the miners to work for 80 days.

MR. TRUMAN'S action today applied only to the soft coal industry and did not cover the 80,000 miners employed in Pennsylvania's anthracite fields.

The President appointed David L. Cole, Paterson, N. J., lawyer, as chairman of the fact-finding panel.

Other members of the board are W. Willard Wirtz, Northwestern university professor and former chairman of the old War Labor Board, and John Dunlop, Harvard university professor.

In his executive order creating the board, Mr. Truman states that the bituminous coal dispute, if permitted to continue, will imperil the national health and safety.

The miners generally stayed away from the pits today after Lewis rejected the White House plan for settling the prolonged coal controversy without using the machinery of the Taft-Hartley law which Mr. Truman opposes and wants repealed.

On Saturday, Lewis rejected the President's request for a 70-day truce and normal production and turned down his request for submission of the mine wage dispute to a non-Taft-Hartley fact-finding panel which would recommend settlement terms.

Although the coal operators accepted Mr. Truman's earlier plan, the UMW president declared the mine workers did not want "three strangers" to settle their wage demands.

THE BOARD appointed today will only find facts and report whether a national fuel emergency prevails. It will not make any recommendations to Lewis and the operators on a settlement.

2 Hearings Awaited On Capitol Hill

(Continued from Page One)

would "blacklist" in all three countries scientists who do not measure up.

6. Chairman Tydings, (D) Md., of the Senate Armed Services Committee called for a world disarmament agreement to remove the "hell" bomb's threat of "incineration or total extinction" to millions of men, women and children.

7. Sen. Cain, (R) Washn., declared that Congress "ought to rise up in its wrath" over President Truman's refusal to use funds provided by Congress last Fall to boost the Air Force from 55 to 70 groups.

8. The Atomic Energy Commission announced it has cleared down on "emergency clearances" to the nation's atomic secrets by persons who have not undergone routine screening. The AEC said these clearances are now granted only in "exceptional cases" where the "90-day wait for an FBI checkup would handicap hydrogen-atom work."

Fall Of Bale Hurts Worker

James Ford of 819 Clinton street was treated in Berger hospital Sunday for injuries he received when a bale of straw fell on him as he worked at Circleville branch of Container Corp. of America.

Ford had been working with a loading gang in the strawyard of the plant when the bale fell on him from a height of about 20 feet, striking him on the head and left shoulder.

Hospital attaches said he was treated, x-rayed and released. No bones were believed fractured by the accident.

Three Estates Are Valued

Appraisements of three estates have been filed in Pickaway County probate court. They were as follows:

S. N. Foreman estate, total \$4,300; Aseath Jane Murray estate, total \$600; and George W. Murray estate, total \$600.

Judge George D. Young ruled the Fred E. Hickie estate not subject to inheritance tax. He approved an application for transfer of a house and lot, part of the estate, in New Holland to Eva Hickie, widow, and Lebr E. and Earl W. Hickie, sons.

DEATHS and Funerals

FRANK H. FURNISS
Frank H. Furniss, 79, died at 10:15 p. m. Sunday in his residence in Darbyville.

Born in Jackson Township July 28, 1870, his parents were Henry and Emily DeLong Furniss.

Surviving him is the brother with whom he lived, William Furniss.

Also surviving are two nephews, Sherman Furniss of Clarksville and Francis Furniss of the Mt. Sterling community; and a niece, Mrs. C. M. Hinton of Darbyville.

Funeral services will be held at 2 p. m. Wednesday in Darbyville Methodist church. Burial will be in Darbyville cemetery.

Friends may call in Defenbaugh Funeral Home from Tuesday until noon Wednesday.

Red Advances Due By May, Diplomats Say

WASHINGTON, Feb. 6.—Diplomatic quarters believe that Russia's aggressive intentions, if any, will be revealed no earlier than May.

In the meantime, the Kremlin is expected to maintain, if not intensify its war of nerves and internal penetration both in the Far East and in Europe.

By Spring, it is believed, the Western Powers will have to determine whether they will give military support to Yugoslav Premier Marshal Tito. He is expected to be the first target of any Soviet aggressive move both to seal that flank and to put down his insurrection against Moscow's dictatorship. The latter has struck a serious blow to the Kremlin's prestige.

Before May, weather conditions combined with Yugoslavia's poor road situation are believed to make any military move unfeasible.

Observers regard Communist moves in the Far East as primarily diversionary, while admitting that a Communist China assures Russia a friendly power in that area.

By taking over Outer and Inner Mongolia, Sinkiang and especially Manchuria, it is felt that Russia will have all she wants in the Far East of practical value. The apparently settled talks between Premier Stalin and China's Communist Premier Mao Tse-tung will determine just what concessions Russia will get.

Observers regard Communist moves in the Far East as primarily diversionary, while admitting that a Communist China assures Russia a friendly power in that area.

Political Party Action Booked

DELAWARE, Feb. 6.—Democratic and Republican parties each will have turns at "recruiting" Ohio Wesleyan university students to support their respective campaigns.

In conjunction with the university's drive to get more college students to participate in politics, leaders of both parties will make appearances under the "Institute of Practical Politics" at Ohio Wesleyan.

On Monday, Feb. 20, Mrs. India Edwards, vice-chairman of the Democrat national committee, will make an appearance. Following her on Monday, Feb. 27, Guy G. Gabrielson, Republican national committee chairman, will speak to students.

Superstate Hit By VFW Chief

AKRON, Feb. 6.—The national commander of the Veterans of Foreign Wars asserted last night that unconditional surrender of United States sovereignty to a world government would result in an atomic arms race between Russia and the superstate.

Clyde A. Lewis of Plattsburg, N. Y., speaking at a dinner honoring Department Commander John M. Ende of Akron, said he did not believe the Russians could be coaxed into any world state.

"You can't do business with Russia today," he declared.

Coal Miners Out Again

(Continued from Page One)

that mining will stop in areas where it has continued up to now.

First indications of the effectiveness of the "spontaneous" mushrooming of the strike when miners were scheduled to report for the first day of their three-day week.

UMW officials denied reports that Lewis gave the nod for a full-scale walkout.

However, in a letter to President Truman Saturday rejecting a peace plan outside the Taft-Hartley Act, Lewis gave what many observers interpret as an official "blessing" to a strike if the labor act is invoked.

Referring to Taft-Hartley injunction procedure as "a legal blackjack," Lewis stated:

"It is questionable whether one could postulate that such mass coercion would insure enthusiastic service from grateful men."

Road-Patching Job Is Ahead Of County Crew

At least one Pickaway County can see a disadvantage in prevailing mild weather this winter.

County Engineer Henry T. McCrady said Monday that rainfall combined with mild freezes this season probably will result in road patching operations starting earlier than usual.

"We generally have to patch county roads about the last of March," he said. "This year we might have to start the first of the month."

The engineer explained that excessive moisture makes the roads soft and traffic breaks asphalt surfaces into little checks, called "alligators."

He pointed out that a great deal of the traffic wear comes from large trucks.

"Everytime a road is blacktopped, the percentage of use goes up," McCrady declared. He explained that large trucks use the hard-surfaced county roads as cross-country shortcuts.

"After a freeze the ground becomes fluffy and highly absorbent. Moisture soaks in and road bases become soft. Then traffic breaks up the hard surfaces, and we have a patching job to do," he said.

There will be a games party at the Muhlenberg School, Wednesday evening February 8.

10 Pct. Decline In Farm Income Seen In Ohio

(Continued from Page One)

and the labor shortage is gone. Falling wage rates for farm labor have recently begun to lessen the attractiveness of replacing farm labor with machinery."

Of the operating expenses, wages are likely to be most noticeably lower this year than in 1949. The report said: "The reduction in farm income tends to discourage the employment of hired labor, and total farm wages paid this year may be as much as ten percent less than last year."

Other declines are expected in family living expenses and the smallest expenditure group—taxes, rent and interest.

Some family living expenditures may be considerably reduced this year, the monthly review stated.

"Purchases of furniture, appliances and automobiles, along with the construction, repair and remodeling of farm homes, are important expenditures susceptible to curtailment."

Clyde A. Lewis of Plattsburg, N. Y., speaking at a dinner honoring Department Commander John M. Ende of Akron, said he did not believe the Russians could be coaxed into any world state.

"You can't do business with Russia today," he declared.

Mainly About People

ONE MINUTE PULPIT
It takes some people a lifetime to find this out! Better is a little with righteousness than great revenue without right.—Prov. 16:8.

Mrs. Herman Petty and son of Ashville, who have been patients in Berger hospital, were released Sunday.

A musical comedy "Miss Starlight" will be presented by Salt-creek Valley Grange at school auditorium, Wednesday, February 8 at 8 p. m. Receipts will benefit the polio fund. Reserved seats now on sale.

Mrs. John Puffinberger, surgical patient in Berger hospital, was discharged and returned to her home on Circleville Route 2.

Mrs. Charles Smith of 207 East Mill street was discharged from Berger hospital Monday.

Mrs. Leslie Cook and son were discharged from Berger hospital to return to their home on Ashville Route 1.

Forest Rinehart of 127 Pleasant street entered Berger hospital Sunday. He was to have undergone surgery Monday.

A games party will be held in K of P Hall, N. Court Street, Tuesday evening, Feb. 7 at 8 p. m. Public invited.

Clifford Eidenour of Chillicothe was fined \$25 and costs in Circleville mayor's court Sunday for speeding 80 miles per hour on Route 23 south of Circleville. He was arrested by State Highway Patrolman Clyde Wells.

A marriage license has been issued in Pickaway County probate court to Richard William Shumacher Jr., 30, farmer, of Canal Winchester Route 1 and Martha Faye Smith of Circleville Route 4.

There will be a games party at the Muhlenberg School, Wednesday evening February 8.

Carl Jenkins of East High street, an employee of Circleville Rexall Drugs, left for Cincinnati Sunday where he will be enrolled in Ohio Truss school for a ten-day course.

Harvey Jordan of Clarksburg, patient in Chillicothe hospital, returned to his home last week.

Talk Peace To Get It, Rotary Says

COLUMBUS, Feb. 6.—On a platform of "we'll have peace if we talk it," Rotary International President Percy Hodgson is to address Columbus Rotary Club today.

Arriving in Columbus by plane last night, the English-born New England reared businessman, banker and farmer said:

"We must stop talking war. We must talk peace. If we talk peace, we'll have peace."

Having toured 45 nations with his wife since last August, Hodgson declared that "everywhere we've been, people want peace, but they're talking of war."

He singled out Japan as the one country that is making "great efforts at peace." The said Hiroshima is "pruning herself to become the 'peace city of the world.'"

Mr. and Mrs. Hodgson were successful in eluding the Chinese Communists invasion of Canton. Hodgson owns a textile mill, a dairy farm and banking interests in Rhode Island.

Appeals Court Upholds Local Court Decision

A \$5,200 judgment made in Pickaway County common pleas court against Walter R. Cummins in favor of Sidney W. Cummins, and dismissing a claim against Gladys W. Cummins, has been upheld in the fourth district court of appeals.

According to his petition, Sidney W. Cummins, now deceased, loaned \$5,000 at three percent interest to his son, Walter, in 1946. The check was made payable to Walter's wife, Gladys. The son agreed to pay on demand.

The petition asked for a judgment against both Walter and Gladys. The trial court, however, dismissed the claim against the wife.

The father filed an appeal, claiming judgment should have been made against both. The appellate court has affirmed, two to one, the lower court's finding that the transaction was between father and son and did not involve Gladys T. Cummins. Opinion was written by Judge Roy J. Gillan, with Judge Russell K. McCurdy concurring.

Dissenting opinion was written by Judge Verner E. Metcalf. After the death of Sidney W. Cummins, Executors Herbert Cummins and Lewis Cummins substituted as plaintiffs in the case.

Mr., Mrs. Leist Are Parents Of February Baby

Mr. and Mrs. Gayle Leist of 218 East Main street are the parents of Circleville's first February baby.

The first-born youngster for February is a 7-pound, 12 ounce girl, born at 11 a. m. Saturday in Berger hospital. The baby is the second child for Mr. and Mrs. Leist.

As Circleville's first February-born, Miss Leist and her parents are entitled to the following tributes from Circleville businesses:

A baby blanket from the C. J. Schneider Furniture store;

One carton of 60-watt bulbs from the Columbus and Southern Ohio Electric Co.;

A free three-months subscription to The Circleville Herald;

A \$1 account in the baby's name from the Circleville Savings and Banking Co.; and

One quart of Blue Ribbon Dairy milk delivered daily for two weeks.

The parents may obtain a birth certificate entitling them to the tributes by appearing in the offices of The Herald. The father is a truck driver for the Pickaway Dairy Coop. Association.

There will be a games party at the Muhlenberg School, Wednesday evening February 8.

Ashville Baby Seriously Burned

An 11-month-old Ashville boy was seriously burned last week when he reportedly pulled a filled electric coffee pot down onto himself.

He is Creed Richard Adams, who lives with Mr. and Mrs. Creed Ward of Ashville, where the accident occurred. His condition was reported fairly good Monday in Children's hospital, Columbus.

The man reportedly suffered a severed artery on his left hand, along with other injuries to his hands and an injured knee. He was treated in Berger hospital and returned to his home.

The London Sunday Dispatch called the claim the "tallest story of the week."

Bomb Rocks Cohen Home

(Continued from Page One)

story, displayed only slight agitation.

He had been asleep in a rear bedroom when the explosion jarred the neighborhood.

Cohen was the object of the gangland guns last July when he and members of his party were blasted by shotguns from ambush while they were leaving Sherry's Sunset Strip nitery.

Mickey and three others were wounded, one of Mickey's henchmen fatally. The latter was Edward (Neddie) Herbert, who died of his wounds.

The latest gangland style effort to do away with the pudgy little gang boss came at a time when he, four of his henchmen and two police officers, are on trial in superior court on charges of conspiracy in the beating of Radio Repairman A. M. Pearson.

The trial was scheduled to be resumed today following a week-end recess.

The trial was scheduled to be resumed today following a week-end recess.

Reds Can Make Better H-Bomb, Physicist Says

(Continued from Page One)

be considered as ingredients for the American H-bomb.

In New York, Prof. George B. Pegram, dean of graduate schools at Columbia university, said "there is nothing startling" in the claim made by Havemann. He added that the Soviet method long has been known in the United States.

Meanwhile, Polish Communists reportedly claimed that a Russian scientist discovered the H-bomb and built one 90 years ago.

The newest addition to the Soviet list of "firsts"—which is claimed to include the radio, airplane, submarine, bicycle and scores of other "discoveries," gives the credit to Vassily Pavlov of Leningrad.

The Stockholm newspaper Expressen, in a dispatch from Warsaw, said that the Polish Communists fix the date for Gonokokkov's discovery at 1860.

He allegedly offered the invention to Tsar Alexander II who was too terrified to use the weapon.

Gonokokkov then allegedly used the bomb in a vain attempt on Alexander's life.

There was no clue as to what happened when the bomb was exploded.

The London Sunday Dispatch called the claim the "tallest story of the week."

Leist Booked For Hearing In Mayor's Court

Roy E. Leist, 43, of Lover's Lane is awaiting preliminary hearing on a charge of armed robbery in Circleville mayor's court. The hearing was scheduled for Monday afternoon.

Leist is accused of assaulting Bern Shidaker, 68, of 129 Mingo street, last Monday with a length of pipe, beating Shidaker and making off with \$52 in cash from the assaulted man's wallet.

Shidaker told police that he had been walking to his garage at about 5 a. m. last Monday when he was struck with the pipe and robbed. Shidaker's wallet, minus \$52 in cash, was found later in a nearby alley.

The attacker was driven off when Gerald Majors, who lives across the street from the Shidaker garage, heard Shidaker exclaim "you're killing me" and attempted to come to his rescue.

Saturday noon, Leist walked into the office of Sheriff Charles Radcliff.

"Leist told me he had gone back to his job in Columbus to pick up a check," Radcliff said. "He said that his boss told him he was wanted by Circleville police, so he gave himself up."

The accused man reportedly told Circleville police that he had a disagreement with his wife on the morning in question and that he had taken a bus to Columbus.

Chillicothean Posts Bond In Accident Case

A 30-year-old Chillicothe man has been released on \$100 bond in mayor's court for leaving the scene of an accident on East Main street.

Jack Phillips posted the \$100 bond on an accusation that his auto smashed into the B and M Market at about 2:30 a. m. Saturday, clipping off a parking meter and shattering two large plate glass windows.

Circleville police arrested Phillips on Route 23 later Saturday after a report that the car they had been seeking had smashed into a small steel bridge on Route 762, the Mackey-Ford road. The front of the auto was demolished in the crash.

Phillips is scheduled to appear in the court of Mayor Thurman I. Miller at 3 p. m. Wednesday.

PITCHING HORSESHOES

By BILLY ROSE

In Battle Creek, Mich., on July 30, 1949, a Mrs. Zilpha Perske asked her husband for a hundred dollars, and when he wanted to know what it was for she refused to tell him. One word led to a thousand others, and finally the hysterical housewife ran into the bedroom, took a rifle from the closet and shot herself.

Mrs. Perske hung on for two days, and during that time her husband not only gave his blood to keep her going but persuaded friends to do the same.

A few minutes before she died, he learned what she had wanted the hundred dollars for—to surprise him on his birthday with a new hunting rifle.

One night in the Spring of 1924, in the middle of the Illinois flatlands, the engineer and fireman of a fast mail train found themselves looking into the barrels of a couple of guns. The men behind the guns told them to stop the train and back it up to a crossing they had just passed.

At the crossing, four men wearing masks stepped out of a sedan. After shooting the glass out of the mail-car window, they tossed a tear bomb inside, and when the mail clerks came out the bandits went in. When they drove off, they took with them 60 bags of registered mail which contained \$2 million in cash, jewels and negotiable securities.

THE CASE was assigned to Bill Fahy, the Postoffice Department's ace inspector, and in a matter of hours, road blocks were set up, suspects were being questioned, and detectives from New York to San Francisco were on a 24-hour shift.

Two days after this historic heist, one of the army of dicks working on the case got a phone call from an underworld character who offered to give him the name of the man who had masterminded the stickup. His motive for squealing, he said, was revenge, and when his yarn was checked the man he named was arrested and convicted, and most of the two million recouped.

The thief, as corny and contrived as it may seem, was Inspector Bill Fahy, and when he planned the holdup, he was certain he'd get away with it because he knew he'd be assigned to track himself down. The thing he didn't figure on was the resentment of the underworld because he was muscling in on its racket.

On an early morning broadcast out of Berlin a few weeks ago, Bill Downs of CBS relayed the following:

Shortly after the war, a German hausfrau was notified that her soldier husband had died in a Russian prison camp. After the usual formalities, the Berlin authorities issued a certificate of

death, and a few months later the woman remarried.

Last month she was informed by the commandant of the prison camp that her husband was alive and would arrive by train on a certain date.

The woman showed husband No. 2 the notice, and the couple decided that the sensible thing was for the three of them to sit down at a table and talk the matter out.

WHEN THE TRAIN pulled in a few days later, however, husband No. 1 didn't get off. The Russian officer in charge informed the wife that the excitement of the homecoming had been too much for the ex-prisoner, and he had died of a heart attack the night before.

When the woman got back to her flat, she found her second husband had committed suicide. A note explained that, under the circumstances, it was the only decent thing to do.

Ashville

Sunday dinner guests of Mr. and Mrs. Frank Morris of Ashville were Mr. Howard Anderson of Mansfield, who spent the weekend; Mr. and Mrs. Shirley R. Anderson, Ray and Grace Ellen of Mt. Sterling; Mr. Robert Conrad, Columbus; and Mr. and Mrs. Joseph L. Anderson of Stoutsville.

Joseph Norris, Cincinnati School of Embalming, spent the weekend with his parents, Mr. and Mrs. William Norris.

A Founders' Day Program will be presented at the Walnut Township PTA meeting Monday night. The program will consist

introducing . . .

of music by the school band, a talk on Founders' Day and a Style Show by the 4-H Club girls. Plans will be made for the annual school carnival to be held in March.

Ashville
Miss Martha Mary Brinker of Wilmington visited Saturday and Sunday with her parents, Mr. and Mrs. Clyde Brinker.

Howard Anderson and Frank Morris spent Saturday with Mr. and Mrs. Joseph L. Anderson at Stoutsville.

Ashville
Knight rank will be conferred on a class of candidates Wednesday evening, beginning with a dinner at 6:45. Grand Master-at-Arms Leo Schenk will make an official visit.

Ashville
Hewitt Cromley, Harry Hedges, Rolland Featheringham and Dale Schiff visited Thursday with F. Glenn Sparks, grand secretary of the Ohio Knights of Pythias Lodge, in Columbus.

Ashville
Mr. and Mrs. Jimmie Alexander and son moved Saturday to Marion where he will be connected with a funeral director there.

All-County Band Sets Rehearsal

Pickaway All-County band will meet at 9:30 a. m. Wednesday in Walnut Township for a rehearsal session. The practice is to last until 11:30 a. m.

The Wednesday rehearsal will be a warmup for the annual all-county music festival, which is to be held April in Jackson Township school auditorium. The band is to be directed by Marie Anderson, music teacher for Walnut and Madison schools.

Slayer Booked For Hearing

TOLEDO, Feb. 6 — Francis L. Durbin, 40, admitted slayer of Nicholas G. Dunphy, 33, a taxi driver, is to be charged with first degree murder here today.

Capt. Ralph Murphy of the homicide squad quoted Durbin as saying he shot Dunphy because he had been associating with Durbin's estranged wife, Mrs. May Ellen Durbin.

Elinor Williams'

Teen Tips

"I wonder if you can help me," writes a high school girl who is a member of a "crowd." "I go around with a group of nice girls and we have lots of fun, but lately I've been wondering whether they want me with them or not. Lately they haven't called me up, sometimes, yet seem very nice to me in school. What should I do? They're practically all the girls in my class and as our school is small I won't have anybody else to pal around with. I've never tried to be a leader or too bossy. Should I take it as a hint or what?"

Ans.—Sometimes it's best to talk things over frankly to find out how others feel about things and how you can fit into the picture better. Why not ask these girls if something is wrong? You wondered, because they sometimes don't include you in their plans, etc.

Maybe you've simply been sharing their fun without provid-

ing any of it. Why not get them together at your home on a Friday or Saturday evening—not necessarily a party, but a get-together with games and something good to eat.

Or you could save your allowance and buy tickets to take them to a movie as your guests. Perhaps you'd prefer to suggest bowling, skating or something that they enjoy, then buy them all a soda afterward or invite them to your home for a snack.

Something like this will help to show that you're willing to do your share of fun-making and make you a welcome member of the crowd. Try it—not just once but once in awhile.

For tips on games for party fun, send a stamped, self-addressed envelope to Elinor Williams in care of The Herald.

Garage Blazes Down Fireman

COLUMBUS, Feb. 6—Damage in a fire which swept two garages and injured a fireman was estimated at \$2,245 today. Fireman Stanley Conrad suffered first degree burns on the face last night in the fire which started in a three-car garage in Columbus. An overheated stove was blamed as the cause of the fire.

Boy, 11, Burned Badly In Fire

TOLEDO, Feb. 6 — Eleven-year-old Wesley Box was near death in Toledo's Maumee Valley hospital today as a result of a fire which routed nine persons

from a two-story farm house at nearby Grand Rapids.

The boy, who suffered burns on 80 percent of his body, was

one of five injured in the blaze. The others were only slightly hurt. Cause of the fire has not been determined.

LOOKING FOR A WORD

EXIT "statism." This word was the text of John Foster Dulles' speeches when he was running last fall for election as senator from New York. His defeat suggested to some observers that the term was too unfamiliar to be effective in campaign addresses. For a time its rival was "welfare state," used in a deprecatory sense by its opponents. The difficulty with that was that it sounded rather attractive; many voters evidently thought it quite desirable for the nation to look after the welfare of its citizens. Both expressions seem now about to be given up in political utterances.

Now the foes of large-scale spending for social benefits are turning to the word "socialism." This is supposed to be familiar enough to need no explanation, and terrifying enough to be an effective term of reproach.

The charge of "socialism" may also fail to alarm the voters. Perhaps a further search should be made for a single word which will express the perils seen by opponents of the expanding welfare programs.

In all cases the electors will do well to examine the charges carefully and determine for themselves how far they are warranted.

SENSE FROM NEW JERSEY

MOST Americans, when doing business, have to stick to the point. But senators, when a bill which they dislike is up for a vote, can talk about anything on earth. They can read the Bible or the Yearbook of the Department of Agriculture. When Huey Long was senator from Louisiana, he filibustered against an obnoxious bill by reading a book of recipes, including one for "pot-likker."

All of this is silly, and "a terrific waste," says Robert C. Hendrickson, new senator from New Jersey. He wants the Senate to change its rules so that its members will have to talk on the subject.

As if this revolutionary suggestion were not enough, he would add another, equally novel and equally sensible. He would give to a simple majority of the Senate power to end talk and force a vote. The present rule, enacted last year, requires the vote of 64 senators out of the 96, a figure difficult to get.

Hendrickson's ideas may not prevail this year. Some day, however, the Senate will have to fall in line with the prevailing practice of Americans in other lines of serious work.

George E. Sokolsky's

These Days

Oh! That my son should never write a book!

Franklin D. Roosevelt might have spoken these words. For now that the foreign policy of the United States, which he had conducted from 1933 to 1945, has proved such a failure, Elliott Roosevelt's book, "As He Saw It," comes to plague the record.

On Page 249 of that book, Elliott Roosevelt, discussing the Cairo conference attended by Roosevelt, Churchill and Chiang Kai-shek, says:
"At Cairo, Franklin Roosevelt wrung a promise from the feudal warlord who happened also to be the de factor war leader of China. The promise was that before the cessation of hostilities a truly representative government of China's national unity would be formed, and that under the aegis of this new and more Democratic government there would then—as promptly as possible—be held national elections."

1. Chiang was not a feudal warlord; he was then head of the state—as much head of the state of China as Roosevelt was of the United States. Each was in his position in accordance with the basic law of his country.

2. Chiang was not a de facto anything. He had been at the head of the government of China, under one title or another, since 1927. His government had been recognized by every other government involved in Chinese affairs. So far as the United States is concerned, such recognition was complete (de jure, the diplomats call it), the two countries having exchanged ambassadors for nearly two decades.

3. It is utter nonsense to speak of a national election prior to the cessation of hostilities. Much of China was then in the hands of the Japanese. How could an election be held until the country was freed from the Japanese?

In a word, Elliott's statement is nonsense and if that is what his father told him, it is evidence that his father had no understanding of the situation.

Now, let us proceed. Elliott continues to say:

"True, it was a conditional promise. Chiang's conditions were two: First, that father should obtain from the Soviet government full assurance that Manchuria would be returned to Chinese sovereignty and full assurance that the future Chinese boundary would be respected, this commitment to include an understanding that the Soviets would not interfere in China's internal political problems; second, that the United States should back the Chinese in their postwar refusal of extraterritorial rights to the British in Hong Kong, Canton and Shanghai."

Extraterritoriality had long been abolished in Shanghai and Canton and never existed in Hong Kong.

Let's get at dates. The Cairo conference was held a few days prior to the Tehran conference in 1943. Chiang, who had flown from Chungking to Cairo, with his wife, wanted to attend the Tehran conference. Stalin objected. Obviously it was a bit surprising to discover that the fourth ally, Stalin, refused to attend the Cairo conference, and objected to the presence of Chiang at Tehran.

DIET AND HEALTH

Ways to Aid Chronic Alcoholic

By HERMAN N. BUNDSEN, M.D.

TODAY, through careful and concerted effort, doctors are beginning to get at some of the factors which account for chronic alcoholism. Those who have studied the problem most thoroughly believe that the individual afflicted in this way is an invalid rather than a sinner, and see the source of his trouble in an abnormal chemical make-up.

Recently, this idea has gained ground through the treatment of a number of chronic alcoholics with glandular extracts.

Smooth Skin

Many young persons who are chronic alcoholics are slender, with soft, smooth skin and overdeveloped breasts. It is thought that this type of physical make-up indicates a deficiency of secretion from the adrenal glands located just above the kidneys. In this condition, there is also a decrease in the amount of blood sugar. Alcoholism is likely to develop at an early age in persons with this type of physique unless they exercise strict self-control.

In the second type of chronic alcoholic, part of the adrenal glands, as well as of other glands which have a role to play in the body's use of sugars, have been injured by the prolonged use of alcoholic beverages. The damage to the glands may be made worse by worry, grief, or other emotional disturbances.

Low blood sugar is a constant condition in these persons. This low blood sugar produces a craving

for alcohol, with symptoms of weakness and faintness. As more alcoholic beverages are used, the blood sugar is still further reduced. The sugar in the liver is decreased and fat is deposited.

It has been found that by giving injections of the adrenal gland extract, the whole process is reversed. The blood sugar is raised and the action of the liver is improved. All of the other symptoms gradually subside.

Gland Extract

The injections of the gland extract are given twice a week and then weekly as long as needed, sometimes for several months.

The diet should be high in fat with moderate amounts of protein such as meat, milk, and eggs, and a reduced amount of sugar. This is done to keep the blood sugar level from changing too rapidly.

It would appear that this type of treatment for the chronic alcoholic may be of great value.

QUESTIONS AND ANSWERS

M. J.: I have ugly red marks around my ankles. I had some varicose veins tied off and these marks developed afterwards. What would you suggest?

Answer: It is possible that massage might be of some help in overcoming the condition you describe. Perhaps injection of any enlarged veins would also be of service.

You should consult with your doctor about this matter.

BRETT HALLIDAY

SYNOPSIS

Mark Dustin is on the point of buying his beautiful wife, Celia, a star ruby bracelet which Walter Voornland, the dealer, claims is the finest in the world, when Mike Mayra, a detective, questions its authenticity. Unperturbed, Voornland convincingly explains the bracelet's rare qualities, and Mark, reassured, fits it on Celia's wrist. He pays it with a check for one hundred thousand dollars, plus last year's eight thousand dollars, plus last year's eight thousand dollars is delivered to their luxurious hotel suite.

CHAPTER NINE

WHEN they returned to the hotel suite, Celia ran swiftly to her dressing table and breathed a long sigh of relief when she snapped the box open and saw the jewel inside the chest, just as Mark had placed it there.

Mark stood in the doorway grinning at her, but she knew he was secretly pleased that she cared so much for her anniversary gift. He said, "Well, put it on. It's time we started to the concert." He crossed over to her and took the bracelet from the chest and fastened it around her arm.

She looked up and smiled and said, "Thanks for putting it on for me the very first time I wear it." She picked up her white velvet evening wrap and put it around her shoulders. The shirred collar stood up around the back of her head, tapering down to form lapels in front. Celia looked in the mirror, her arm extended slightly, and decided she looked the prettiest she had ever looked in all her life. A joyous thrill ran through her when she saw Mark's admiring eyes reflected in the mirror.

He was proud of her, proud to walk beside her and have her recognized as Mrs. Mark Dustin.

As they passed through the main lobby downstairs, people turned their heads to watch them. Celia walked slowly and sedately beside her husband, her right hand lightly touching his arm, the evening wrap open in front to display the bracelet on her left wrist.

In the car, she relaxed with a happy little sigh, and could scarcely wait until they were beyond earshot of the doorman to say ecstatically, "Mr. Voornland was certainly right, darling. Did you see the way they stared at the bracelet as though they had never seen a star ruby before?"

"They were looking at you," he told her with an indulgent chuckle as he swung onto Collins Avenue. There was little southbound traffic, and a round moon hung low in the sky, shedding its silvery sheen over the ocean and the tropical verdure lining both sides of the avenue.

An automobile came up behind them swiftly. Dustin was driving far over in the right-hand lane, loafing along at twenty miles an hour, his left hand loosely on the steering wheel and his right arm around Celia.

The oncoming car came abreast of them, much closer than was necessary on the almost deserted

avenue, then swerved abruptly as though out of control to crash into the left front wheel of Dustin's roadster.

The impact of the heavy limousine drove the roadster off the pavement to smash head-on into the trunk of a royal palm on the edge of the right-of-way.

Celia screamed and Mark Dustin cursed angrily as the steering wheel spun out of his lax hand. The limousine ground to a stop beyond them and both doors swung open to disgorge three men who raced back to the roadster before either occupant could open a door to get out.

The three men were masked with handkerchiefs, and all three held pistols in their hands. The first to reach Dustin's side jerked the door open and rammed a muzzle against his side. "Take it easy," he said, "and you won't get hurt."

Dustin sat where he was, immobile but not unvoiced. The other two men circled the car to Celia's side. One of them opened the door and said, "Stick out your arm, lady."

"Don't do it, Celia," Dustin's voice was thick with anger. "There'll be someone along. They won't dare..."

The man who had spoken to Celia leaned past her and smashed the barrel of his gun down the westerner's face. The front sight had been filed to sharpness and it laid his cheek open from temple to jaw.

"Good going," the man beside Dustin muttered as the victim slumped back with blood streaming from the gash. "Get the stuff off the girl fast."

Celia was screaming hysterically and kicking. The two men jerked her out of the car and one of them used a pair of snippers on the linked platinum. It parted easily, and they threw her aside to the ground.

The third man had been going through Dustin's pockets. He found the wad of bills in a side pocket, held together with a silver clip. He extracted them as the others raced around to join him. They all leaped for the open doors of the limousine as Dustin half-fell from the roadster and staggered after them, cursing incoherently. He was half-blinded with pain and with shock, but the life he had led had not fitted him to accept such an outrage without fighting back.

He stumbled forward as the three men jumped in and slammed the doors shut. The limousine jerked forward just as he reached it and caught the rear door handle. It turned in his hand and the latch released, but the door didn't open and the car was picking up speed.

The man in the rear seat rolled down the glass and leaned out. He cursed and smashed his pistol barrel down on the hand clutching the door handle. Mark Dustin

stumbled back and the limousine roared away toward downtown Miami Beach.

Celia ran to him, sobbing, as he swayed drunkenly in the headlights of the roadster. When she saw the blood streaming down his face and the crushed hand he was holding out stiffly, she cried out, "Oh, Mark, what have they done to you," in an agonized voice.

He put her aside with his other hand. His face was stony and his voice harsh as he grated, "We've got to notify the police. Get under the wheel and see if you can back out."

"But your face! And your hand! You've got to get to a hospital!" "Get in and drive to a phone." He shoved her toward the roadster and walked around to get in the other side.

Celia didn't waste time arguing. She had the car in gear, and as she slumped beside her she glanced the motor and let the clutch out with a jerk. The rear wheels spun momentarily, then took hold and the roadster lurched backward onto the pavement. She put it in low and spun the steering wheel. The left fender was crushed against the wheel and rubber screeched protestingly against steel as she swung in a short circle and headed toward the hotel.

Dustin started to protest that they could reach help faster by driving on to Fifth Street, but a look at the set of her jaw stopped him in mid-sentence.

The steering mechanism had evidently been injured, for the roadster wobbled drunkenly as she gained speed, but Celia kept the accelerator down and herded it down the pavement with grim concentration.

Mark Dustin held a handkerchief to his cut face. His injured hand lay on his knee. When they drove up to the hotel entrance the doorman opened the door and Dustin snapped, "Get the police. We've been robbed of a couple of hundred thousand dollars."

"Send the doctor up to our suite. Please hurry." She was out of the car and going around to open the door on Mark's side. She put her arm around him and led him in through the lobby and on to an elevator.

The resident doctor had Dustin's cheek bandaged and was putting a temporary splint on his injured hand when the first contingent of the law arrived, two city detectives and the chief of the Miami Beach detective bureau.

Peter Painter aggressively took the lead in snapping questions at the victims, getting a brief outline of the occurrence and sending his two subordinates scotting away with routine instructions to establish a road-block across the bay and put out a radio alarm for the limousine.

NEW YORK—There are straws in the wind here that indicate a way of New York life may be passing, if I have not scrambled my metaphors too thoroughly.

For nearly 50 years, one of the facets of living in the big town has been the automat. One of the first operations performed by visitors was the changing of bills into nickels, so they could (1) ride in our delightfully dingy subways, and (2) drop a coin into a slot at the automat and get a cup of coffee or a ham sandwich.

The nickel subway ride is a thing of the dear, dear past now, but it still is possible to cart a handful of nickels into the automat and get a seven-course dinner of excellent food—although it is true that it takes just about twice as many nickels now as in the long ago.

The out-of-towners still love it; they still enjoy, unaccountably, fighting their way through the mobs at mealtime and slipping nickels in the slots. It could be that either other cities do not use nickels or they have no slots.

However, next summer, we were informed recently, the people who operate the automats—that would be the Horn and Hardart company—are going to open a restaurant that will feature table service (by whisper the word) waitresses. It seems there is, among the countless new housing developments being thrown up throughout New York, one called Fresh Meadows out in the Borough of Queens, that is owned and managed by the New York Life Insurance company and has a population of about 11,000 marcelled, manicured and regimented residents.

In this city within a city, the Horn and Hardart people are planning to present an air-conditioned, 250-person capacity restaurant—without slots. They admit frankly that it's an experiment.

From here on in, we retrogress. Today, the nickel replaced by the waitress. Tomorrow, the return of the horse car, and next week we throw out that Fulton's folly and go back to gaff-rigged brigantines and galleys.

It could be that New York is taking the lead in casting off the shackles of what is laughingly called Progress, and I must admit that I, for one, having fought a lone single-handed war against the telephone for 34 years, am looking forward rather avidly to the whole thing.

LOOKING FOR A WORD

EXIT "statism." This word was the text of John Foster Dulles' speeches when he was running last fall for election as senator from New York. His defeat suggested to some observers that the term was too unfamiliar to be effective in campaign addresses. For a time its rival was "welfare state," used in a deprecatory sense by its opponents. The difficulty with that was that it sounded rather attractive; many voters evidently thought it quite desirable for the nation to look after the welfare of its citizens. Both expressions seem now about to be given up in political utterances.

Now the foes of large-scale spending for social benefits are turning to the word "socialism." This is supposed to be familiar enough to need no explanation, and terrifying enough to be an effective term of reproach.

The charge of "socialism" may also fail to alarm the voters. Perhaps a further search should be made for a single word which will express the perils seen by opponents of the expanding welfare programs.

In all cases the electors will do well to examine the charges carefully and determine for themselves how far they are warranted.

SENSE FROM NEW JERSEY

MOST Americans, when doing business, have to stick to the point. But senators, when a bill which they dislike is up for a vote, can talk about anything on earth. They can read the Bible or the Yearbook of the Department of Agriculture. When Huey Long was senator from Louisiana, he filibustered against an obnoxious bill by reading a book of recipes, including one for "pot-likker."

All of this is silly, and "a terrific waste," says Robert C. Hendrickson, new senator from New Jersey. He wants the Senate to change its rules so that its members will have to talk on the subject.

As if this revolutionary suggestion were not enough, he would add another, equally novel and equally sensible. He would give to a simple majority of the Senate power to end talk and force a vote. The present rule, enacted last year, requires the vote of 64 senators out of the 96, a figure difficult to get.

Hendrickson's ideas may not prevail this year. Some day, however, the Senate will have to fall in line with the prevailing practice of Americans in other lines of serious work.

George E. Sokolsky's

These Days

Oh! That my son should never write a book!

Franklin D. Roosevelt might have spoken these words. For now that the foreign policy of the United States, which he had conducted from 1933 to 1945, has proved such a failure, Elliott Roosevelt's book, "As He Saw It," comes to plague the record.

On Page 249 of that book, Elliott Roosevelt, discussing the Cairo conference attended by Roosevelt, Churchill and Chiang Kai-shek, says:

"At Cairo, Franklin Roosevelt wrung a promise from the feudal warlord who happened also to be the de facto war leader of China. The promise was that before the cessation of hostilities a truly representative government of China's national unity would be formed, and that under the aegis of this new and more Democratic government there would then—as promptly as possible—be held national elections."

1. Chiang was not a feudal warlord; he was then head of the state—as much head of the state of China as Roosevelt was of the United States. Each was in his position in accordance with the basic law of his country.

2. Chiang was not a de facto anything. He had been at the head of the government of China, under one title or another, since 1927. His government had been recognized by every other government involved in Chinese affairs. So far as the United States is concerned, such recognition was complete (de jure, the diplomats call it), the two countries having exchanged ambassadors for nearly two decades.

3. It is utter nonsense to speak of a national election prior to the cessation of hostilities. Much of China was then in the hands of the Japanese. How could an election be held until the country was freed from the Japanese?

In a word, Elliott's statement is nonsense and if that is what his father told him, it is evidence that his father had no understanding of the situation.

Now, let us proceed. Elliott continues to say:

"True, it was a conditional promise. Chiang's conditions were two: First, that father should obtain from the Soviet government full assurance that Manchuria would be returned to Chinese sovereignty and full assurance that the future Chinese boundary would be respected, this commitment to include an understanding that the Soviets would not interfere in China's internal political problems; second, that the United States should back the Chinese in their postwar refusal of extraterritorial rights to the British in Hong Kong, Canton and Shanghai."

Extraterritoriality had long been abolished in Shanghai and Canton and never existed in Hong Kong.

Let's get at dates. The Cairo conference was held a few days prior to the Teheran conference in 1943. Chiang, who had flown from Chungking to Cairo, with his wife, wanted to attend the Teheran conference. Stalin objected. Obviously it was a bit surprising to discover that the fourth ally, Stalin, refused to attend the Cairo conference, and objected to the presence of Chiang at Teheran.

An automobile came up behind them swiftly. Dustin was driving far over in the right-hand lane, loafing along at twenty miles an hour, his left hand loosely on the steering wheel and his right arm around Celia.

The oncoming car came abreast of them, much closer than was necessary on the almost deserted

avenue, then swerved abruptly as though out of control to crash into the left front wheel of Dustin's roadster.

The impact of the heavy limousine drove the roadster off the pavement to smash head-on into the trunk of a royal palm on the edge of the right-of-way.

Celia screamed and Mark Dustin cursed angrily as the steering wheel spun out of his lax hand. The limousine ground to a stop beyond them and both doors swung open to disgorge three men who raced back to the roadster before either occupant could open a door to get out.

The three men were masked with handkerchiefs, and all three held pistols in their hands. The first to reach Dustin's side jerked the door open and rammed a muzzle against his side. "Take it easy," he said, "and you won't get hurt."

Dustin sat where he was, immobile but not unvoiced. The other two men circled the car to Celia's side. One of them opened the door and said, "Stick out your arm, lady."

"Don't do it, Celia," Dustin's voice was thick with anger. "There'll be someone along. They won't dare."

The man who had spoken to Celia leaned past her and smashed the barrel of his gun down the westerner's face. The front sight had been fixed to sharpness and it laid his cheek open from temple to jaw.

"Good going," the man beside Dustin muttered as the victim slumped back with blood streaming from the gash. "Get the stuff off the girl fast."

Celia was screaming hysterically and kicking. The two men jerked her out of the car and one of them used a pair of snippers on the linked platinum. It parted easily, and they threw her aside to the ground.

The third man had been going through Dustin's pockets. He found the wad of bills in a side pocket, held together with a silver clip. He extracted them as the others raced around to join him. They all leaped for the open doors of the limousine as Dustin half fell from the roadster and staggered after them, cursing incoherently. He was half-blinded with pain and with shock, but the life he had led had not fitted him to accept such an outrage without fighting back.

He stumbled forward as the three men jumped in and slammed the doors shut. The limousine jerked forward just as he reached it and caught the rear door handle. It turned in his hand and the latch released, but the door didn't open and the car was picking up speed.

The man in the rear seat rolled down the glass and leaned out. He cursed and smashed his pistol barrel down on the hand clutching the door handle. Mark Dustin

stumbled back and the limousine roared away toward downtown Miami Beach.

Celia ran to him, sobbing, as he swayed drunkenly in the headlights of the roadster. When she saw the blood streaming down his face and the crushed hand he was holding out stiffly, she cried out, "Oh, Mark, what have they done to you," in an agonized voice.

He put her aside with his other hand. His face was stony and his voice harsh as he grated, "We've got to notify the police. Get under the wheel and see if you can back out."

"But your face! And your hand! You've got to get to a hospital!" "Get in and drive to a phone."

He shoved her toward the roadster and walked around to get in the other side.

Celia didn't waste time arguing. She had the car in gear, and as she slumped beside her she gunned the motor and let the clutch out with a jerk. The rear wheels spun momentarily, then took hold and the roadster lurched backward onto the pavement. She put it in low and spun the steering wheel. The left fender was gained against the wheel and rubber screeched as she swung in a short circle and headed toward the hotel.

Dustin started to protest that they could reach help faster by driving on to Fifth Street, but a look at the set of her jaw stopped him in mid-sentence.

The steering mechanism had evidently been injured, for the roadster wobbled drunkenly as she gained speed, but Celia kept the accelerator down and herded it down the pavement with grim concentration.

Mark Dustin held a handkerchief to his cut face. His injured hand lay on his knee. When they drove up to the hotel entrance the doorman opened the door and Dustin snatched, "Get the police. We've been robbed of a couple of hundred thousand dollars."

"Send the doctor up to our suite. Please hurry." She was out of the car and going around to open the door on Mark's side. She put her arm around him and led him in through the lobby and on to an elevator.

The resident doctor had Dustin's cheek bandaged and was putting a temporary splint on his injured hand when the first contingent of the law arrived, two city detectives and the chief of the Miami Beach detective bureau.

Peter Painter aggressively took the lead in mapping questions at the victims, getting a brief outline of the occurrence and sending his two subordinates scototing away with routine instructions to establish a road-block across the bay and put out a radio alarm for the limousine.

By MEL HEIMER

NEW YORK—There are straws in the wind here that indicate a way of New York life may be passing, if I have not scrambled my metaphors too thoroughly.

For nearly 50 years, one of the facets of living in the big town has been the automat. One of the first operations performed by visitors was the changing of bills into nickels, so they could (1) ride in our delightfully dingy subways, and (2) drop a coin into a slot at the automat and get a cup of coffee or a ham sandwich.

The nickel subway ride is a thing of the dear, drear past now, but it still is possible to cart a handful of nickels into the automat and get a seven-course dinner of excellent food—although it is true that it takes just about twice as many nickels now as in the long ago.

The out-of-towners still love it; they still enjoy, unaccountably, fighting their way through the mobs at mealtime and slipping nickels in the slots. It could be that either other cities do not use nickels or they have no slots.

However, next summer, we were informed recently, the people who operate the automats—that would be the Horn and Hardart company—are going to open a restaurant that will feature table service by (whisper the word) waitresses. It seems there is, among the countless new housing developments being thrown up throughout New York, one called Fresh Meadows out in the Borough of Queens, that is owned and managed by the New York Life Insurance company and has a population of about 11,000 marcelled, manicured and regimented residents.

In this city within a city, the Horn and Hardart people are planning to present an air-conditioned, 250-person capacity restaurant—without slots. They admit frankly that it's an experiment.

From here on in, we regress. Today, the nickel replaced by the waitress. Tomorrow, the return of the horse car, and next week we throw out that Fulton's folly and go back to gaff-rigged brigantines and galleys.

It could be that New York is taking the lead in casting off the shackles of what is laughingly called Progress, and I must admit that I, for one, having fought a lone single-handed war against the telephone for 34 years, am looking forward rather avidly to the whole thing.

Industrialist's Book Basis For Review Before Methodist Youth Group

'I Dare You' Is Theme

Youth Fellowship members of First Methodist Church heard Mrs. Vaden Couch review the book, "I Dare You" by William H. Danforth, at a six o'clock meeting held Sunday in the junior chapel of the church.

Mrs. Couch told her 30 listeners that the book she was reviewing was the life story of the founder of the Ralston Purina organization, Danforth, who was a sickly child, came to be the healthiest boy in the school because he took the challenge of one of his teachers who said, "I Dare you to try."

Through exercises and healthful diet he did gain strength. The book, according to Mrs. Couch, continued with the story of how one boy accepted challenges that came to him and succeeded in overcoming great obstacles. In later life, Danforth himself helped others by daring them to take a challenge. The chapter "You Can Be Bigger Than You Are," Mrs. Couch told Youth Fellowship members, was one of the most inspirational in the entire book.

At the business session, conducted by Beverly Reid members voted to hold an Easter sunrise service and breakfast again this year. It was decided to send invitations to young people's groups in all churches who have not planned their own sunrise services.

Youth Fellowship members also decided at the business session to give a religious play during the Lenten season. The four Youth Fellowship counselors, Mrs. Boyd Stout, Mrs. Walter Heine, Mrs. Irwin Reid and Mrs. Berman Wertman, will choose the play with Mrs. Elisha Anesley.

In charge of recreation for the evening were Jean Clifton and David Parks. Dolores Elisea and Karl Johnson Jr. were responsible for serving refreshments.

This youth group meets the first and third Sundays of each month.

Highley-Spriggs Nuptials Read

At a wedding in Oakland Methodist church Jan. 29, Miss Ruth Wynema Highley became the bride of Robert Louis Spriggs with the Rev. Richard McDowell officiating. The bride is the daughter of Mr. and Mrs. Howard W. Highley of Amanda Route 2. The bridegroom is the son of Mr. and Mrs. Louis R. Spriggs of Amanda Route 1.

The bride was attired in a dark blue dress. Her corsage of pink carnations. Attending the couple were Mrs. James C. Waits, matron of honor, and Mr. Waits, best man.

Nuptial music was provided by Mrs. Jacob Glitt and her daughter, Miss Betty Glitt of Circleville.

Mr. Spriggs is engaged in farming. The couple will reside in the home of the bride's parents for the present.

Personals

Mr. and Mrs. George Schleich will be hosts when Christian Home Society of Christ Lutheran church meets at 7 p. m. Tuesday in Trinity Lutheran parish house in Circleville.

Mr. and Mrs. Howard Thomas of Circleville Route 2 have returned from a three-week vacation in San Diego, Calif. They were guests in home of Mr. and Mrs. Harold Dresbach who accompanied them to Old Mexico. While there they went deep sea fishing.

Mr. and Mrs. J. R. Stratton and children Marilyn and John were weekend visitors of Mrs. Anna Ritt of West Union street. Mrs. Stratton is the former Isabelle Ritt of this city.

Mrs. Orion King of West High street left last week for a month's visit in Florida with Mrs. Erma Cayce and daughter, Joyce.

Katherine Mooris of Pickaway Township is visiting her parents during the semester vacation. She is a student in Ohio university.

Mrs. Cora B. Adkins of East Mound street left for a visit with friends and relatives in Delphos. On her return she will move to her new residence 162 West Mound street.

Air Corps Staff Sergeant Paul Turner and his wife are visitors in the home of his mother, Mrs. J. B. Turner of Town street.

Mr. and Mrs. Ray L. McClelland and daughter, Eloise and Elsie of Amanda Route 2 have returned from a visit in Miami, Fla. They were visitors in the home of Mr. and Mrs. John Weaver and Miss Ruby Kuhn.

Mrs. Max Cotterman of Painesville is the guest of her parents, Mr. and Mrs. C. D. Recktor of Kingston Route 1.

Mrs. Joe Bell will read a paper on "Visual Religious Education" when Mrs. Norbert Cochran entertains Child Conservation League in her home on

"Quality carries on"

Northridge Road at 2 p. m. Tuesday.

Mr. and Mrs. E. L. Runkle of Ashville, who have been on a two-month vacation in Florida, stopped in the home of their daughter, Mrs. Charles DeVoss of South Pickaway street, on their way home. They reported having been delayed by high waters in Tennessee.

Attending the wedding of Miss Elizabeth Ellen Van Winkle and William Gulick in Columbus Saturday were Mr. and Mrs. James Sines and Nelson Baker. The bridegroom is the grandson of Mr. and Mrs. Sines. Mrs. Sines is spending the week with her son and family in Hebron.

Circleville Parent-Teacher Association will meet at 7:30 p. m. Thursday instead of at 8 p. m. as previously announced. The meeting will be held in the high school auditorium here.

Speakers at the Woman's Association of Presbyterian church will be Mrs. Hal Spencer who will talk on "Youth Caravaning" and Mrs. Beryl Stevenson who will give, "Sketches from Japan." The meeting of the association will be held in the social rooms of Presbyterian church at 2:30 p. m. Friday.

Mrs. Fairy Alkire will be in charge of the Women's Society of Christian Service of Salem Methodist church when Mrs. Lorin Dudleson entertains the group in her home at 2 p. m. Thursday. Assisting the hostess will be Mrs. Clarence Dumm and Mrs. Alva Dyer.

Business and Professional Women's Club will have guest night at 8 p. m. Thursday in club rooms in Masonic Temple. Miss Ann Gordon is chairman of guest night arrangements.

Mrs. Edwin Jury will present a paper, "Ohio, Origin of its Name," when Major John Boggs chapter, Daughters of 1812, meets in the home of Mrs. Bryce Briggs on North Scioto street at 2:30 p. m. Thursday. Delegates will be chosen at this time for the state and national council.

Mrs. Denny Pickens will have charge of the business session of Ladies Aid of Trinity Lutheran church when the group holds a meeting in the parish house at 2 p. m. Wednesday.

Mrs. Lloyd Evans, president,

PAUL M. YAUGER
MEMORIAL STUDIOS
LONDON, O.
ESTABLISHED 1916

will be in charge of the meeting of Pickaway Township Parent-Teacher Organization when it is held in the school auditorium at 8 p. m. Thursday.

Mrs. Avid Clark of Williamsport will be hostess when Five Points Women's Christian Temperance Union meets in her home at 2 p. m. Wednesday.

Mrs. G. I. Nickerson will entertain Group C of Women's Presbyterian in her home on South Court street at 7:30 p. m. Wednesday.

Miss Loraine Stambaugh of 156 Walnut street will be assisted by Mrs. John Gehres and Mrs. John Neff when she entertains Circle Three of Women's Society of Christian Service of First Methodist church in her home at 8 p. m. Wednesday.

Mrs. Emma Lutz Hickman and Mr. and Mrs. Robert Hart and son, Neil, of Lancaster were visitors in the home of the Mrs. Reichelderfer of North Court street, Sunday.

Man's Birthday Is Observed

Honoring Gerald Patrick on his birthday, Mrs. Patrick recently entertained at a dinner party in their home in Pickaway Township.

In addition to Mr. and Mrs. Patrick and their son, Wayne Joe, Mr. and Mrs. Fred Minshall and son, George, and Mr. and

Ashville WSCS Holds Meeting

Group singing with Mrs. Arthur Swingle at the piano made up the musical part of the program when Women's Society of Christian Service of Ashville Methodist church met recently. The meeting was a covered dish dinner held in the church.

Mrs. Ben Morrison directed the program. Mrs. C. E. Mahaffey, Mrs. Charles Trone, Mrs. E. W. Ferguson gave readings on "Illiteracy and What Is Be-

onists, luncheon, Fort Hayes hotel, Columbus, 1 p. m.

EBENEZER CIRCLE, HOME of Mrs. Orin W. Brown, North Pickaway street, 2 p. m.

WOMEN'S SOCIETY OF Christian Service of Kingston Methodist Church, home of Mrs. Carrie Holderman, Kingston, 2 p. m.

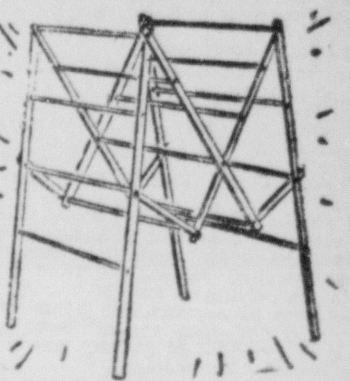

UNION GUILD MEETING, home of Mrs. Herbert Thomas, Williamsport Route 1, 1:30 p. m.

Obituaries, \$1 minimum.
Cards of Thanks \$1.00 per insertion.
75 word maximum on obituaries and cards of thanks. Each additional word 3 cents.
Meetings and Events \$1.00 per insertion.

Publisher reserves the right to edit or reject all classified advertising copy. Ads ordered for more than one time and cancelled before expiration will only be charged for the number of times the ad appears and adjustments made at the rate of the original insertion. The right to classify ads under the appropriate headings.

Publishers are responsible for only one incorrect insertion in an ad. Out of town advertising must be cash with the order.

Classified ads must be in The Herald office before 2:30 p. m. the day before publication.

Card of Thanks

To our many friends, relatives and neighbors who were so kind to us at the time of our bereavement, the death of our beloved son, Jerry, we extend our sincere thanks. We want those who sent flowers and cards, the Rev. Herbert and Swearingin to know how much we appreciate everything that was done for us.

Card of Thanks

To our many friends, relatives and neighbors who were so kind to us at the time of our bereavement, the death of our beloved son, Jerry, we extend our sincere thanks. We want those who sent flowers and cards, the Rev. Herbst and Swearingen, to know how much we appreciate everything that was done for us.
Mr. and Mrs. Lewis Cook and children

ALL STALLS FULL NOW

Harness Racers Planning For Above-Par Season

No one at Pickaway Fairgrounds here is unhappy about the current Springlike weather—especially not the harness horsemen who daily work out on the half-mile track.

Nary a stall is available at the local barns; it is filled to capacity. And all indications point to a better-than-average season ahead of the stables working out here.

The season is not too far away. As weather improves, workouts will become more strenuous and more attention will be paid to lengthy dashes and results shown by top watches.

High point of the local season, as far as local railbirds are concerned, will be the annual Pickaway County Fair, scheduled this year for July 31-Aug. 4.

Of the five days, the first three will be highlighted by the speed program.

BEFORE THOSE dates, Central Ohioans may get a chance to see a preview of the races. It is not definite yet, but local harnessmen have indicated that last year's free Sunday matinees will be repeated.

Three of those matinees were run off last season and the track was lined with automobiles as trotting and pacing enthusiasts turned out for the free programs. Times were not spectacular, but enthusiasm was high.

The county fair speed program will be spotlighted by two stake events and will be rounded out by seven overnight affairs with purses totaling \$6,500. All purses will be divided 45, 25, 15, 10 and five percent.

A stake event is scheduled for each of the first two days and each will be worth \$1,000. Main race of the third day with an overnight Merchants Pace worth \$1,500.

Complete schedule follows:

Monday, July 31
 28 Class Pace (overnight) \$500
 2-Year-Old Pace (stake) 1000
 28 Class Trot (overnight) 500

Tuesday, Aug. 1
 20 Class Pace (overnight) * 500
 3-Year-Old Pace (stake) 1000
 20 Class Trot (overnight) 500

Wednesday, Aug. 2
 2-Year-Old Trot (overnight) 500
 Free-for-All Pace 1500
 Free-for-All Trot 500
 George W. VanCamp, local speed program secretary, has announced that in all stake races, a two percent entry fee will

Walcott Due For Major Test Against Johnson

PHILADELPHIA, Feb. 6—Jersey Joe Walcott, the man who fluffed two chances to become heavyweight champion of the world, will stand at the crossroads of his boxing career Wednesday night.

On that evening in Philadelphia Arena, the Camden, N. J., dancing master will stake everything in a 10-round bout with one of the most promising fighters in the game today—muscular Harold Johnson.

For the hard-hitting, clever Philadelphia Negro youngster, the Walcott battle likewise is of tremendous importance so far as his future is concerned.

If Johnson can defeat Jersey Joe, it is almost certain to lead to a match with National Boxing Association Champion Ezzard Charles, possibly for the crown.

Jersey Joe, if he wins, can move back into the limelight as a contender for Charles' heavyweight crown. But the Johnson match is Walcott's toughest assignment since he met Louis.

Fight observers say the 22-year-old muscle man possesses the most power of any of the present-day ringmen. In addition, Johnson proved in defeating Cleveland's Jimmy Bivins and losing to Archie Moore that he can absorb plenty of punishment as well as mete it out.

Cincy Hockey String Broken

CINCINNATI, Feb. 6—The charm of home games was broken last night for the Cincinnati Mohawks who were shut out 3-0 by the Pittsburgh Hornets.

The 8,742 hockey fans in Cincinnati Gardens witnessed a rough game that gave the Hornets a tally in each period. Pitt's Ray Hannigan tallied in the first, Bill Benson in the second and Hannigan again in the final period.

The loss broke a string of three home game wins of the Cincinnati icers.

Tigers Due For Basketball Test In Logan Wigwam Tuesday Night

Circleville Tigers basketball team will try for its 12th win in 14 starts to date Tuesday when it invades the teepee of the Logan Chieftains.

The Chieftain aggregation now ranks in the middle of its eight team South Eastern Ohio league with five wins in 10 starts for a .500 percent record.

The Tigers, on the other hand, are tied for first in the five-team South Central Ohio League with a record of five wins in six starts or a percentage of .833 to date.

Tiger Coach Dick West said Monday his probable starters in the fracas will be Jim Starkey and John Valentine at the forwards, Don Cook at pivot and Sandy Hill and Abe Rihl at guards.

THE SAME combination last Friday repulsed an invasion by

the Washington Blue Lions by a 58-46 tally.

Starting for the Logan quintet probably will be Ned Shaw and Eddie Grandy at the attack posts, Don Mauck at center and Bill Voris and Wardwell Myers at guards.

High scorers on the Chieftain aggregation to date are Grandy and Voris. Voris chucked in a total of 15 points against Wellston last Friday to lead scoring on the Chieftain crew.

Circleville's reserve team will have its work cut out for it in the preliminary match against the Logan Papooses, however.

Logan's reserve record is perfect to date while the Tiger juniors have dropped three matches in 13 starts this season.

Tiger reserves will open the Tuesday attack against the Papooses at about 7 p. m., followed by the varsity encounter at about 8:15 p. m.

BULLDOGS IN THIRD PLACE

Williamsport Cops Junior Tourney From Ashville

Williamsport junior high basketball team won the 1950 Pickaway County junior tournament championship crown Saturday with a 37-31 knockout over Ashville.

The Ashville junior aggregation tumbled to second place in the tournament finals after holding a three-point lead going into the final period of the see-sawing contest.

New Holland juniors earned third place berth in the junior tourney finals with a 26-21 win over Scioto in the consolation encounter.

In the championship game, both Williamsport and Ashville were deadlocked at the end of the first period with a 6-6 tie, although the championship Williamsporters surged to an 18-13 halftime lead.

Run-Run Hoosier Quint Ready To Entertain OSU

CHICAGO, Feb. 6—Indiana's "run-run" basketball team seeks a victory over Ohio State tonight to prevent the Buckeyes from putting their personal trademark on the Western Conference championship at the season's halfway mark.

The Hurrayn' Hoosiers have played only five of their 12 Western Conference games and have had the misfortune of losing two of them by a combined total of three points.

Tonight's all-important contest seems to be a last-ditch stand for Indiana and probably the same can be said for Illinois and Wisconsin. Each has suffered a pair of losses, and any championship hopes must be discarded unless the Ohioans are beaten once more.

Ohio State already has completed most of its conference schedule and can boast of seven victories in eight games.

The Buckeyes will have to play only Northwestern, Michigan and Indiana following tonight's game with the Hoosiers. Indiana can have little hope for a triumph over Ohio State in Columbus if Branch McCracken's outfit is unable to whip the Ohioans in Bloomington tonight.

5. SURE IS NOVEL

ALL STALLS FULL NOW

Harness Racers Planning For Above-Par Season

No one at Pickaway Fairgrounds here is unhappy about the current Springlike weather—especially not the harness horsemen who daily work out on the half-mile track.

Nary a stall is available at the local barns; it is filled to capacity. And all indications point to a better-than-average season ahead of the stables working out here.

The season is not too far away. As weather improves, workouts will become more strenuous and more attention will be paid to lengthy dashes and results shown by stop watches.

High point of the local season, as far as local railbirds are concerned, will be the annual Pickaway County Fair, scheduled this year for July 31-Aug. 4.

Of the five days, the first three will be highlighted by the speed program.

BEFORE THOSE dates, Central Ohioans may get a chance to see a preview of the races. It is not definite yet, but local harnessmen have indicated that last year's free Sunday matinees will be repeated.

Three of those matinees were run off last season and the track was lined with automobiles as trotting and pacing enthusiasts turned out for the free programs. Times were not spectacular, but enthusiasm was high.

The county fair speed program will be spotlighted by two stake events and will be rounded out by seven overnight affairs with purses totaling \$6,500. All purses will be divided 45, 25, 15, 10 and five percent.

A stake event is scheduled for each of the first two days and each will be worth \$1,000. Main race of the third day with an overnight Merchants Pace worth \$1,500.

Complete schedule follows:

Monday, July 31
28 Class Pace (overnight) \$500
2-Year-Old Pace (stake) 1000
26 Class Trot (overnight) 500

Tuesday, Aug. 1
20 Class Pace (overnight) 500
3-Year-Old Pace (stake) 1000
20 Class Trot (overnight) 500

Wednesday, Aug. 2
2-Year-Old Trot (overnight) 500
Free-for-All Pace 1500
Free-for-All Trot 500

George W. VanCamp, local speed program secretary, has announced that in all stake races, a two percent entry fee will

be payable by March 15. Stake entries will close May 1 with payment of another one percent of the purse. In overnight events, a three percent entry fee will be payable by 10 a. m. the day before event.

The 1950 program is very similar to the 1948 card which saw the present track records for both the pace and the trot set. The 1949 program was a token affair which bogged down.

In 1948, Betty Brewer, a bay mare owned and driven by Lynn Wilson of Zanesville, set the pace mark for the local oval of 2:05. It was tied next day by Lorain, owned by W. N. Reynolds of Winston-Salem, N. C., and driven by Dr. Hugh Parrish.

The same meeting saw Frontiersman, a brown gelding owned by Sol Camp of Shafter, Calif., and driven by Charles Witt, set the trot mark of 2:05 3-5.

Pacing against Betty Brewer when she set the current record were Gene Abbe, the present record holder, Hulda Ann and Patrick Hanover.

IN THE FIELD with the great Frontiersman were Snappy Kate, the previous record holder, Argo Mite and True Direct.

VanCamp said this week he believed that the dates for the 1950 fair might well draw similar Standardbreds to the local track, considered by most Grand Circuit drivers as one of the finest half-mile ovals in the nation.

No desk-bound harnessman is VanCamp. He is a owner and trainer in his own right. His famed Air Pilot has been turned out to pasture, but he proudly reins two promising two-year-olds: George W. Van by Gay Song out of Minnie S., and DeVan Morris by Morris Volo out of Vanity Bunter.

Also training at the local track is Merle F. Thornton who, with George A. Butterworth, own the three-year-old filly, Becky Ann, by Bonnycastle. Thornton is handling the sulky.

Emmitt Ebenhack is working out a six-year-old brown mare, Miss Lou, by Bin Direct.

Clarence Myers will have three Standardbreds in training when the season opens. During the off-season, he added Middleman by Guy Castleton. His other two horses are LaChimes by The Chimes and Royal San by Morris Volo. Myers is training the latter two while Clark (Si) Dishman is reining Middleman.

Dishman also is training Moonstone, by Blackstone, and Delia Counsel, by Chief Counsel, for Preston Butler of Waverly. Butler, an old hand with side-wheelers himself, currently is unable to handle training chores because of illness.

Charley Myers is training 11 horses at the present time.

FOUR ARE owned by Porter Martin-Buckeye Spencer, by Prince Spencer; Admiral, by Commandant; Lady Chest erfield, by Adventure; and Princess Carline, by Prince Spencer. Phil Markley also has turned over four prospects to Myers—Abigail Volo, by Morris Volo; Flo Mingo, by Morris Volo; Mark Abbey, by Guy Abbe; and Sharon May, by Retainer.

Lila Morris, by Morris Volo, owned by George Fissell, also is being handled by Myers, as is Jolly Bonny, by Calumet Eric, owned by Bern Shidaker; and Frisco Morris, by Morris Volo, owned by Wayne Martin.

Jay Henry is owner-trainer of the sorrel gelding, Ned Grooms, by Blackstone. Taylor Keyes recently brought in his four-year-old gelding by a son of Billy Direct.

Uncle Joe Wolfe, 80-odd years old, still rarin' to go and considered dean of Ohio harness horsemen, still is owner-trainer of that old campaigner, Little Pat W, and a four-year-old, Fred, by Bert Abbe.

Jerry The First's only son, Lil's Boy, owned by Harry and Forrest Short is being worked out here by the latter.

Biggest stable here is owned by M. F. Keller. He currently is grooming 16 head—all of whom he says have better-than-average chances during the coming season.

Fourteen of the stable are Standardbreds with the remaining two Thoroughbreds.

The two Thoroughbreds are Lady Bon Sar and Iowa Lass. The Standardbreds are Mickey Morris, by Morris Volo; Dwight Morris, by Morris Volo; Dan Morris, by Morris Volo; Victory Pat, by All Spencer; Tramp Dillard, by John Dillard; Abbe Dillard, by John Dillard; Ripley Hanover, by Rip Hanover; Iowa Siskiyou, by Harvere; Dell Morgan, by Morgan Dewey; Jack High, by Mr. McElwyn; Mat Scott, by Scotland; Cold Ayre, by Cold Cash; Uncle Joe, by Bonnycastle; Kate Grand, by Grand Worthy II.

Walcott Due For Major Test Against Johnson

PHILADELPHIA, Feb. 6—Jersey Joe Walcott, the man who fluffed two chances to become heavyweight champion of the world, will stand at the crossroads of his boxing career Wednesday night.

On that evening in Philadelphia Arena, the Camden, N. J., dancing master will stake everything in a 10-round bout with one of the most promising fighters in the game today—muscular Harold Johnson.

For the hard-hitting, clever Philadelphia Negro youngster, the Walcott battle likewise is of tremendous importance so far as his future is concerned.

If Johnson can defeat Jersey Joe, it is almost certain to lead to a match with National Boxing Association Champion Ezzard Charles, possibly for the crown.

Jersey Joe, if he wins, can move back into the limelight as a contender for Charles' heavyweight crown. But the Johnson match is Walcott's toughest assignment since he met Louis.

Fight observers say the 22-year-old muscle man possesses the most power of any of the present-day ringmen. In addition, Johnson proved in defeating Cleveland's Jimmy Bivins and losing to Archie Moore that he can absorb plenty of punishment as well as mete it out.

Cincy Hockey String Broken

CINCINNATI, Feb. 6—The charm of home games was broken last night for the Cincinnati Mohawks who were shut out 3-0 by the Pittsburgh Hornets.

The 8,742 hockey fans in Cincinnati Gardens witnessed a rough game that gave the Hornets a tally in each period. Pitt's Ray Hannigan tallied in the first, Bill Benson in the second and Hannigan again in the final period.

The loss broke a string of three home game wins of the Cincinnati icers.

Scott's Scrap Book By R. J. Scott Room and Board By Gene Ahern

John Magill, Discouraged, Quits Top Boy Scout Position

State's Lack Of Action Is Cited

Annual Observance Gets Underway

John Magill has resigned his post as chairman of the Pickaway District Boy Scout Committee as the 40th anniversary of the Boy Scouts of America gets underway.

Magill has been chairman of the local Scout committee nearly two years, serving the last five months as chairman pro tem of the group.

Art Wagar, vice-chairman of the group, who will take over the duties of Magill in the organization, said a regular election of officers should have been held last Fall, but that a disruption of plans cancelled the operation.

The disruption was the resignation of Ray Turner as field executive of the local district. Turner quit the post because of insufficient funds in the local coffers.

Magill said Monday that "I have been waiting on the state association to do something to fill the vacancy."

"Since they have made no move, or even offered aid, I am unable to continue as chairman."

WAGAR POINTED out that the election was held off until such time as some form of aid was forthcoming from the governing board.

"They haven't done anything yet," he said.

Scoutmasters and committee-men met here recently to formulate some sort of a program for Boy Scout Week which began Monday and will continue through Sunday.

Wagar said that the main observance for local Scouts is planned for Sunday, when all of the Scouts are to attend church in uniform and to encourage their parents to attend.

Mayor Thurman I. Miller has issued a proclamation naming the week for special observance here, citing that the local organization has been among the leaders in the state in enrollment during the last few years.

Meanwhile, planning for the Sunday church attendance program and celebration of the week, Wagar pointed out:

"Since 1910, more than 16,500,000 American boys and men have had the benefits of the training, fellowship, handicraft skills and high adventure of Scouting. America is all the rich-

Stiff Regulations Are Cited On Minimum Wage Certificates

CLEVELAND, Feb. 6.—Stringent regulations apply to the issuance of certificates permitting the payment of less than 75 cents an hour under the Fair Labor Standards Act, William S. Singley, regional director of the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor, pointed out here today.

"Congress did not intend to give blanket approval to employers to pay less than the statutory minimum, merely upon making application for certificates, he said.

"For example, learners' certificates may be obtained only after a showing by the employer that the occupations in which it is proposed to employ learners require sufficient skill to necessitate a substantial learning period."

"Furthermore, it must be

er for it. Many men in high places in American affairs today proudly credit Scouting's influence in their lives.

"The year-in, year-out civic and emergency service to the nation by Boy Scouts, needs no recital. Scouting brings to boys at an important time in their lives a program of worthwhile activities, under high grade volunteer leadership.

"The need is for more boys to have the advantages of Scout training. Although more than 2,300,000 boys and leaders are new in Scouting, there are thousands of boys still outside the organization. They can get into the fun if more institutions open their doors to them in their own neighborhoods, and if more men interested in boys, volunteer their time as leaders. It's an investment that pays off richly in personal satisfactions."

shown that experienced workers are not available for employment in these occupations and that curtailment of opportunities for employment will result if the application is denied."

SINGLEY POINTED out that many employers have sought learners' certificates for persons employed for the first time as typists, stenographers, clerical workers in various types of office jobs, and for statement clerks and check desk clerks in banks.

"The administrator has found, however, after careful study, that subminimum rates in these types of jobs are not necessary to prevent curtailment of employment opportunities," Singley said. "He has ruled also that in the majority of these occupations and techniques and skills required can be learned in a relatively short time. Accordingly, the applications have been denied."

Regarding employment of boys after school in maintenance work, the divisions have ruled that here, again, such occupations cannot be considered as skilled and have denied the applications.

Singley explained that handicapped workers' certificates, permitting payment of less than 75 cents an hour, are issued only after presentation of satisfactory evidence showing that as a result of age, physical or mental disability, a worker's earning capacity has been reduced in a particular job.

He warned that, even in cases where it is anticipated that certificates will be granted, employers must continue to pay at least 75 cents an hour until they actually have the certificates on file.

Ban, Boycott Facing Ingrid's Movie Offerings

MEMPHIS, Tenn., Feb. 6.—The Memphis and Shelby County board of censors has banned the showing of "Stromboli" and any movies starring Swedish Movie Actress Ingrid Bergman.

Board Chairman Lloyd T. Binford said the ban was ordered because of Miss Bergman's "conduct which is a disgrace not only to her profession but to all American women." He declared:

"We are banning her pictures because of her conduct, not because of the pictures. We haven't even seen 'Stromboli' and we don't expect to see it."

Meanwhile, "Stromboli" faced a boycott by theatre groups in Indiana.

J. P. Finnerran, owner of the Syndicate Theatres, operating movie houses in six Indiana cities said:

"It is time exhibitors of the nation refuse to play pictures starring persons that bring disgrace to them in the motion picture business."

Truman T. Rembusch, president of the Associate Theatre Owners of Indiana, also urged members to ban "Stromboli."

37 Walnut Pupils Named On Honor List

A total of 37 Walnut Township junior high and high school boys and girls ranked on the school's third six weeks' honor roll.

Outstanding grades were

achieved by six of the youngsters, who received perfect marks for the period. Attaining perfect grades were Charles Hines and Mary Ann Noecker of grade seven; Jo Ann Sykes of grade eight; Joyce Winterhoff, a junior; and Sarah Hedges and Donna Stump of the senior class.

Complete list of the Walnut honor list, by grade, is as follows:

Seventh grade — Bonnie Crumley, William Drum, Charles Hines, Carole McCain, Mary Ann Noecker and Eloise Seitz.

Eighth grade — Marvin Crumley, Virginia Large, William Six and Jo Ann Sykes.

Freshmen — Bob Copeland, Rosemary Eccard, Rosemary Fisher, Bob Hill, Joan Kinser and Richard Smith.

Sophomores — Della Crago, Barbara Dern, Sarah Rose, Elaine Quillen and Max Spangler.

Juniors — Lowell Copeland, Carolyn Derr, David Hedges, Betty Jones, Patricia McPherson, Ruth Norpoth, Helene Wilburn and Joyce Winterhoff.

Seniors — Darlene Brown, Barbara Cook, Sarah Hedges, Luella Hutchins, Juanita LaRue, Annabel Speakman, Donna Stump and Bill Weaver.

In 1931 America spent \$2.25 per capita on its arms program, in 1938, \$8 per capita. Last year the total soared to \$100 per capita.

Yes, here at CADDY MILLER'S we "brand" our customers—and we're proud of it! We brand 'em with the distinguished look of famous name apparel—and believe us, our customers are a well-dressed bunch.

In our book a fellow looks his best when he has confidence in the clothes he buys. He looks better because he gets an inner satisfaction from knowing that his apparel bears familiar names and labels—marks of makers who have earned his respect for consistent quality and value.

Handling the "top" advertised brands that have won the confidence of well-dressed men from coast-to-coast is our way of saying, "Nothing But The Best For Our Customers." Drop in and let us "brand" you, too!

John Magill, Discouraged, Quits Top Boy Scout Position

State's Lack Of Action Is Cited

Annual Observance Gets Underway

John Magill has resigned his post as chairman of the Pickaway District Boy Scout Committee as the 40th anniversary of the Boy Scouts of America gets underway.

Magill has been chairman of the local Scout committee nearly two years, serving the last five months as chairman pro-tem of the group.

Art Wagar, vice-chairman of the group, who will take over the duties of Magill in the organization, said regular election of officers should have been held last Fall, but that a disruption of plans cancelled the election.

The disruption was the resignation of Ray Turner as field executive of the local district. Turner quit the post because of insufficient funds in the local coffers.

Magill said Monday that "I have been waiting on the state association to do something to fill the vacancy."

"Since they have made no move, or even offered aid, I am unable to continue as chairman."

WAGAR POINTED out that the election was held off until such time as some form of aid was forthcoming from the governing board.

"They haven't done anything yet," he said.

Scoutmasters and committee-men met here recently to formulate some sort of a program for Boy Scout Week which began Monday and will continue through Sunday.

Wagar said that the main observance for local Scouts is planned for Sunday, when all of the Scouts are to attend church in uniform and to encourage their parents to attend.

Mayor Thurman I. Miller has issued a proclamation naming the week for special observance here, citing that the local organization has been among the leaders in the state in enrollment during the last few years.

Meanwhile, planning for the Sunday church attendance program and celebration of the week, Wagar pointed out:

"Since 1910, more than 16,500,000 American boys and men have had the benefits of the training, fellowship, handicraft skills and high adventure of Scouting. America is all the richer."

Stiff Regulations Are Cited On Minimum Wage Certificates

CLEVELAND, Feb. 6—Stringent regulations apply to the issuance of certificates permitting the payment of less than 75 cents an hour under the Fair Labor Standards Act, William S. Singley, regional director of the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor, pointed out here today.

"Congress did not intend to give blanket approval to employers to pay less than the statutory minimum, merely upon making application for certificates, he said.

"For example, learners' certificates may be obtained only after a showing by the employer that the occupations in which it is proposed to employ learners require sufficient skill to necessitate a substantial learning period.

"Furthermore, it must be

er for it. Many men in high places in American affairs today proudly credit Scouting's influence in their lives.

"The year-in, year-out civic and emergency service to the nation by Boy Scouts, needs no recital. Scouting brings to boys at an important time in their lives a program of worthwhile activities, under high grade volunteer leadership.

"The need is for more boys to have the advantages of Scout training. Although more than 2,300,000 boys and leaders are now in Scouting, there are thousands of boys still outside the organization. They can get into the fun if more institutions open their doors to them in their own neighborhoods, and if more men interested in boys, volunteer their time as leaders. It's an investment that pays off richly in personal satisfactions."

He warned that, even in cases where it is anticipated that certificates will be granted, employers must continue to pay at least 75 cents an hour until they actually have the certificates on file.

Ban, Boycott Facing Ingrid's Movie Offerings

MEMPHIS, Tenn., Feb. 6—The Memphis and Shelby County board of censors have banned the showing of "Stromboli" and any movies starring Swedish Movie Actress Ingrid Bergman.

Board Chairman Lloyd T. Binford said the ban was ordered because of Miss Bergman's "conduct which is a disgrace not only to her profession but to all American women." He declared:

"We are banning her pictures because of her conduct, not because of the pictures. We haven't even seen 'Stromboli' and we don't expect to see it."

Meanwhile, "Stromboli" faced a boycott by theatre groups in Indiana.

J. P. Finnerran, owner of the Syndicate Theatres, operating movie houses in six Indiana cities said:

"It is time exhibitors of the nation refuse to play pictures starring persons that bring disgrace to them in the motion picture business."

Truman T. Rembusch, president of the Associate Theatre Owners of Indiana, also urged members to ban "Stromboli."

37 Walnut Pupils Named On Honor List

A total of 37 Walnut Township junior high and high school boys and girls ranked on the school's third six weeks' honor roll. Outstanding grades were

achieved by six of the youngsters, who received perfect marks for the period. Attaining perfect grades were Charles Hines and Mary Ann Noecker of grade seven; Jo Ann Sykes of grade eight; Joyce Winterhoff, a junior; and Sarah Hedges and Donna Stump of the senior class.

Complete list of the Walnut honor list, by grade, is as follows:

Seventh grade—Bonnie Crumley, William Drum, Charles Hines, Carole McCain, Mary Ann Noecker and Eloise Seitz.

Eighth grade—Marvin Crumley, Virginia Large, William Six and Jo Ann Sykes.

Freshmen—Bob Copeland, Rosemary Eccard, Rosemary Fisher, Bob Hill, Joan Kinser and Richard Smith.

Sophomores—Della Crago, Barbara Dern, Sarah Rose, Elaine Quillen and Max Spangler.

Juniors—Lowell Copeland, Carolyn Derr, David Hedges, Betty Jones, Patricia McPherson, Ruth Norpoth, Helene Wilburn and Joyce Winterhoff.

Seniors—Darlene Brown, Barbara Cook, Sarah Hedges, Luella Hutchins, Juanita LaRue, Annabel Speakman, Donna Stump and Bill Weaver.

In 1931 America spent \$2.25 per capita on its arms program, in 1938, \$8 per capita. Last year the total soared to \$100 per capita.
